Dear Sir, could ask Ophelia M. Waters
I.D.#3879 Deputy Attorney General, to stop
sending me page after page of lies that Lt.
Seacord and %Pusey made^{up}. She has no
proof of these statements that she is typing
up, and knows nothing about what happened
the day Lt. Seacord and %Pusey and %Carter
Slamed me on top of a laundry Cart, slapped
me in my head, slamed me on the ground 4
times, and put me in the hole for 19 days,
because I could not walk or stand up.
I'm asking to have my witnesses to appear
before you to testify, what these guards
did to me. Rose, and Donald Mitten are
in D-building in Smyrna. I also have 10 other
witnesses to this attack, they were also on
the pod and saw the guards attack me, I was
sitting on the floor by the door of the pod,
and could not stand up or walk.
Thank You Verry Much. Duck W. Wolf

P.S. I have not received the proper medical treatment for my back yet. I still have back pain day by day. I have to take I B. Profin every day or every other day. I also have a tumor the size of a golf ball caused by the food and water since I have been here in Smyrna. They will not give me any treatment. I also have something wrong with my heart. I get heart pains every other day. I have put in sick call passes and the prison has done nothing to help me. My life is in danger here, I'm asking to be released for medical reasons. I don't know if I can make it 66 more days in here they have the heat on and no outside air. They make us keep Hot shirts and Pants on. I'm about to have a stroke. All day long they roast us in here.
